

One-Day Bath Remodeling

Bath Fitter is proud to partner with **Greater Chattanooga REALTORS®** to offer all current members special **“Commercial Pricing”** on bathroom renovations in their personal homes or any rental units they may own or manage. This special arrangement will be a **savings of thousands of dollars off of regular residential pricing.**

A few key points about Bath Fitters:

- We are a North American company with plants in Springfield TN and Montreal Canada since 1985. (We have over 300 branches in the US, Canada and Ireland)
- We use nothing but high-end acrylic materials that we produce ourselves. For that reason, since we are able to strickly control quality of the manufacturing process, we are able to offer to you our famous **“Lifetime Warranty”** for as long as you own the home – we are a permanent, lifetime solution.
- Our material is so durable that nothing penetrates it, nothing grows on it and it is easy to clean and maintain.
- There is no way for water to get past our unique “1 piece wall” since there are no seams.
- We don’t use sub-contractors; this cuts out the middle men and we pass the savings along to you. (Our Master Craftsmen do any required carpentry, plumbing and prep of your space for your new unit).
- Everything is customizable to your tastes (colors, patterns, shelving options, etc.).
- You, our customer, deals with no one else throughout the process other than our trained employees.
- We are usually “IN and OUT” in one day!
- We offer great financing options.

Give us a call at (423) 648-4580 to schedule your free in-home consultation.
