Statistical Computation Agreement

Adopted December 17, 2015 / Effective January 1, 2016

In adopting this policy for statistical purposes, the MLS recognizes that Subscribers voluntarily may affiliate themselves with a team/group within a real estate firm and agree that a designated team member will be credited in the MLS for sales/leases on behalf of the team/group. When filed with the MLS, the *Statistical Computation Agreement* (1) provides an ethical and consistent method for said credits to be given and (2) authorizes MLS Staff, when needed, to correct MLS data regarding said credits. Additionally, a Participant may provide a copy of this *Agreement* to other Participants to convey the individual Subscriber who should receive said credits.

On behalf of the signatures below, I authorize the MLS to (circle one): ASSIGN REMOVE
in the MLS the below-named Subscribers (use additional sheets as necessary):

Subscriber's ID #

Subscriber's NAME

Subscriber's SIGNATURE

Subscriber's ID #

Subscriber's NAME

Subscriber's SIGNATURE

Subscriber's ID #

Subscriber's NAME

Subscriber's SIGNATURE

to the following TEAM/GROUP LEADER:

Subscriber's ID #

Subscriber's NAME

Subscriber's SIGNATURE

for the sole purpose of reporting sold (or leased) statistics for a team/group operating within my firm. I agree to provide written notice to the MLS of any additions or deletions to the above-stated assignments, which will remain in effect until I provide such written notice OR the suspension or termination to an above-referenced Subscriber's MLS rights and privileges, whichever shall first occur.
