eKEY Setup & Showing Activity

As a listing agent, there are several ways to see who has shown your listings. To view this showing information, the Keybox placed on your listings must be in your keybox inventory. Manage the keybox inventory on the eKEY app or at the Supra website, and any changes will be synchronized the next time the eKEY app updates.

Register TODAY your eKEY at www.SupraeKEY.com: Click the **PURPLE** button for Real Estate Agents > Register > Fill in the requested information. *NOTE: Your serial number is listed on the top of the key app screen. Once you have registered you will be able to:*

- **Change your TEMPORARY PIN**
- **Change the credit or debit card on file** for monthly payment
- **Obtain a new Activation Code**
- **Run reports** on any keybox saved to your app to **see how many times a keybox** has been opened and **who opened it**. *NOTE: It is a violation of the MLS Rules to access a keybox without permission or an appointments/permission.*

Showing Notifications: Once the keyboxes are in your keybox inventory, showing messages automatically display in the eKEY software whenever a keybox in the inventory is opened.

Manage Keybox Inventory on a Smartphone or Tablet

View keybox inventory by selecting the **Inventory** icon on the main eKEY screen. A list of keyboxes is displayed. Select a keybox from the list to view detailed information. Add or delete keyboxes, view and change their settings, or assign a listing ID to them in using the eKEY app software under the Inventory icon. Add a keybox by selecting the **Add Keybox** icon or by releasing the shackle on the iBox. To delete a keybox from the inventory, select the **Inventory** icon, highlight the keybox to delete, and select **Delete**.

Keep reports accurate by making sure the listing ID is current when you place a keybox on a listing or remove it from a listing.
